### PROFESSIONAL EXPERIENCE

---

#### Front-End Developer (Intern / Junior Level)

Blue Fox Pvt. Ltd | March 2024 – June 2024

- Developed responsive and reusable UI components using HTML, CSS, JavaScript and React.js.
- Converted Figma/UI designs into functional web pages.
- Fixed UI bugs and improved usability through testing and debugging.
- Collaborated with team members using Git/GitHub for version control.

### EDUCATION

---

#### Bachelor of Science in Computer Science and Information Technology (B.sc CSIT)

Mahendra Morang Adarsha Multiple Campus

2019 –2024

### PROJECTS

---

#### Hotel Room Booking System (React, Node, ExpressJS, MongoDB)

Github: [https://github.com/akaijana/Sem\\_Project](https://github.com/akaijana/Sem_Project)

- Built a responsive and interactive UI with React and Bootstrap, ensuring smooth navigation and cross-device compatibility.
- Implemented React Router and state management for dynamic room listings, booking flows, and user interactions.
- Integrated frontend with backend APIs for room availability, authentication, and booking management, following modular component design.

#### Weather App

Live Demo: <https://weather-one-swart.vercel.app/>

- Implemented real-time weather data fetching using public API
- Implemented search functionality and responsive UI.
